

EXPORT DOCUMENTATION

Everything your team needs. All in one place.

A complete, standardized documentation packet — transmitted before or upon arrival.
No surprises. No chasing paperwork after the fact.

12 documents. One organized packet.

<p>01</p>  <p>Commercial Invoice</p> <p>Species, quantity, grade, pricing, Incoterms. Primary CBP entry document.</p>	<p>02</p>  <p>Packing List & Tally Sheet</p> <p>Board-by-board breakdown. Reconciles to invoice. No ambiguity at receiving.</p>	<p>03</p>  <p>Ocean Bill of Lading</p> <p>Carrier-issued. Container & seal numbers. Title document for customs & insurance.</p>	<p>04</p>  <p>Certificate of Origin</p> <p>Country of origin certified per Kenya export authority. Required for tariff & Lacey Act.</p>
<p>05</p>  <p>KEPHIS Phyto Certificate</p> <p>Timber inspected pest-free. Mandatory for U.S. entry under APHIS/USDA.</p>	<p>06</p>  <p>ISPM-15 Compliance</p> <p>All packaging heat-treated with IPPC stamp. No surprise fumigation costs.</p>	<p>07</p>  <p>ZNQA™ Inspection Report</p> <p>Grade, dimensions, MC, defects — photo-documented. Institutional claims defense.</p>	<p>08</p>  <p>MC Verification Log</p> <p>Multi-point pin-meter per pallet. Target vs. actual. Verified before sealing.</p>
<p>09</p>  <p>Pre-Shipment Photos</p> <p>Board faces, stacking, pallet stamps, desiccant, sealed container. See before arrival.</p>	<p>10</p>  <p>Container Load Plan</p> <p>Pallet layout, weight dist., dunnage & desiccant positions. Optimized for forklift unload.</p>	<p>11</p>  <p>Lacey Act Due-Care Package</p> <p>Species ID, harvest permits, chain of custody. Complete package for compliance team.</p>	<p>12</p>  <p>KFS Permit & KRA Clearance</p> <p>Legal harvest & lawful export confirmed. Governmental chain to harvest origin.</p>

DELIVERY TIMELINE

Documents arrive when your team needs them.

Where We Raise the Standard

AREA	INDUSTRY NORM	ZGS STANDARD
Quality Verification	Visual spot-check, no trail	ZNQA™ multi-point inspection with photo log & traceable IDs
Moisture Documentation	Verbal assurance or single-reading average	Multi-point pin-meter per unit; summary in every packet
Load Planning	No plan; packed for volume	Engineered load diagram with dunnage & desiccant placement
Legal Compliance	Buyer reconstructs harvest origin after arrival	Lacey Act docs, KFS permits, KEPHIS certs — pre-assembled
Communication	Silence between order and arrival	Direct contact; milestone updates at booking, production, sailing
Pre-Shipment Visibility	No photos; buyer sees product first at delivery	Photo set: product condition, stacking, packaging, sealed container

— BUILT TO FIT YOUR OPERATION

Your standards. Our supply chain.

The 12-document packet is our baseline — the standard that ships with every container. But we know that every buyer operates differently.

If your procurement team requires custom inspection forms, proprietary grading sheets, or integration with your internal QC systems, we build them into the program from day one.

If you have an established receiving protocol or a standardized documentation format your compliance team already works from, we adapt to it.

Custom tally sheet templates. Buyer-specific photo requirements. Additional moisture checkpoints. Modified load plan formats. Whatever your operation requires — we deliver it.

Custom Documents

Proprietary inspection forms, tally templates, and grading sheets built into your program from the start.

Process Integration

Adapted to your receiving protocol, QC workflow, and compliance team documentation standards.

Flexible Standards

Additional checkpoints, modified formats, buyer-specific requirements. Your operation, your specs.
